B-L-D DAILY. THERE GOES THE NEIGHBORHOOD. FRED ERIC SEEMS TO have driven a shiny trailer smack into a building, and it's got vintage camping pictures, pillowed seats, and Philippe Starck-style gnome stools at the lunch counter. The menu is a slice of Americana: breakfast all day with Hunka Hunka Burning Love pancakes (with peanut butter, chocolate chips, bananas, and a drizzle of caramel sauce) and Bearded Mr. Frenchy Toast (with a cornflake coating, butter, and maple syrup).
